SUMMER LESSONS BEGIN WEEK OF JUNE 18

Constant focused, goal-oriented practice will yield excellent results in the summer!

Please print/ circle your desired dates and suggest two times of day. Then please copy on your phone and text to me. I will email back some options.

In summertime, we set a schedule and can switch dates if necessary, (but not for ensembles or workshops), given 1 day's advanced notice, and keeping same number of lessons. **Summer lessons are prepaid at the first lesson. Thanks!**

If you are **travelling a lot** I suggest two lessons a week in the summer when you are here.

To **maintain focus** on the cello please sign up for several summer lessons sprinkled **(6-8)** through the summer and keep consistent practice.

To **move ahead with repertoire and technique**, and prepare for upcoming auditions (regionals, YOCJ, GPYO, Golden Key, for example), select a **block of lessons** (8-12).

NEW THIS SUMMER: An exciting new series of **musical themed workshops** (I'm working out the schedule and will send a flyer next week) with me and Josh!

We'll have **intermediate and advanced cello ensembles** this summer. Please advise your availability and best timing on separate sheet ASAP.
